SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Normal Operations	Level 3	Normal Operations	Normal Operations

State Weather Situational Awareness, Heat Event

The California State Warning Center (CSWC) is closely monitoring a heat event with the National Weather Service (NWS) and California ISO (CAL ISO).

- The NWS forecasts statewide prolonged hot temperatures primarily impacting Northern California.
- This event is expected to peak on 07/18/18, but has potential for continued excessive heat into 07/19/18.
- Per the CAL ISO Emergency Response Coordinator as of 07/17/18 at 0830 hours:
 - CAL ISO is not anticipating a Restricted Maintenance Operations (RMO) at this time.
 - CAL ISO is not anticipating any issues in meeting their load or reserve requirements.
 - Loads are tracking as expected.
 - CAL ISO is not anticipating issuing a California Flex Alert at this time.
- The Cal OES Regions have reached out to impacted counties and report there are no unmet needs.
- The CSWC will continue to work with the NWS and CAL ISO to monitor this heat event.
- See attached Western Region Cal OES Heat Briefing

FIRE ACTIVITY

Cal OES Fire Preparedness Levels		
National	Northern California	Southern California
Preparedness Level 3	Preparedness Level 3	Preparedness Level 2
	Multi-Agency Coordination System MACS Mode: 3	Multi-Agency Coordination System MACS Mode: 2

Please note: The National and Regional Preparedness Levels are maintained by the National Multi-Agency Coordination (MAC) Group and are separate from Cal OES activation levels.

INLAND REGION

Ferguson, Vegetation Fire, Mariposa County

Location: Hwy. 140 x Hite Cove, Near El Portal

Jurisdiction: Federal DPA, FRA, Madera-Mariposa-Merced Unit/Sierra National Forest

Start Date/Time: 07/13/18 at 2035 hours

Per Cal OES Duty Officers and ICS-209 as of [07/18/18 at 0601 hours](#):

- [17,319 acres](#), 5% contained
- Expected containment: 07/31/18
- Threatened structures: 70 single residences, 3 nonresidential commercial properties, 35 other minor structures
- CA Fed IMT- Central Sierra (Strawhun), Cal Fire Team (See), Mariposa County Sheriff
- Active fire behavior with uphill runs, backing and spotting
- Limited aircraft utilization due to strong inversions
- Structures remain threatened
- Steep inaccessible terrain
- 1 Firefighter fatality

Activations

- Inland Region Regional Emergency Operations Center (REOC) activated at a Level 3, Duty Officer status (lowest level), operational period 0700-1900 hours.
- Mariposa County Emergency Operations Center (EOC) activated at Level 2, operational period 0700-1900 hours.

FIRE ACTIVITY

INLAND REGION (Continued)

Ferguson, Vegetation Fire, Mariposa County (Continued)

Deployments

- 2 Cal OES Fire and Rescue Branch Assistant Chiefs assigned
- 1 Cal OES Inland Region ESC to the Mariposa County EOC
- 2 Cal OES Public Safety Communications Technicians assigned
- 1 Cal OES Law Enforcement Branch Assistant Chief at the Incident Command Post (ICP)

Proclamations

- On 07/15/18, Mariposa County submitted a Proclamation of Local Emergency. The county is requesting CDAA to assist with recovery efforts.

Evacuations

Per the Cal OES Law Enforcement Duty Officer (LDO) as of 07/17/18 at 1002 hours:

- Mandatory evacuations have been ordered for the Jerseydale area, which includes all residences on Jerseydale Rd., Hites Cove Rd., and all side roads from Triangle Rd. to the end of Hites Cove Rd.
- Incline Rd. from Clearing House to the Foresta Bridge.
 - 2071 residents

Shelter

- American Red Cross (ARC), New Life Christian Fellowship, 5089 Cole Rd., Mariposa
 - Midnight shelter count: 7

Animal Shelter

- Small Animal Shelter: SPCA of Mariposa County, 5599 CA-49, Mariposa
- Large Animal Shelter: Mariposa County Fairgrounds, 5007 Fairgrounds Rd., Mariposa (stand-by status)

Road Closure

- SR 140 is closed between Midpines and Incline (Climbing Ln. & Foresta Rd.)

FIRE ACTIVITY

INLAND REGION (Continued)

Ferguson, Vegetation Fire, Mariposa County (Continued)

Critical Infrastructure

- Yosemite West, El Portal, Foresta & Indian Flat (areas on the Northeast side of the fire) are currently experiencing an extended power outage due to fire activity. Estimated time of restoration is unknown.
- PG&E reported 607 customers out in the El Portal area due to the fire. At this time they are unable to access the damaged equipment.
- Mariposa Pines area (on the Southwest side of the fire) has been de-energized
- AT&T reported 2 sites are threatened; 1 central office and 1 radio site

Health and Medical

- Mariposa County Human Services has set up a dedicated line for residents with Access and Functional Needs (AFN) who may need assistance in evacuating. Toll free number is 1-833-423-0816.

Missions

- 2018-IREOC-48201: See Cal OES Mission Tasking Slide

Law Enforcement

- 4 Law Enforcement Mutual Aid (LEMA) personnel are currently being supplied by Fresno (3) and Madera (1)
- 3 CHP officers (2 on road blocks and 1 additional at the ICP as Liaison)

Recovery

- A community meeting will be held 07/18/18, 1600 hours, El Portal Community Hall, 5512 Foresta Rd., El Portal

Klamathon, Vegetation Fire, Siskiyou County

Location: Klamathon Rd. x Copco Rd., south of Hornbrook

Jurisdiction: State DPA, SRA, Siskiyou Unit

Start Date/Time: 07/05/18 at 1237 hours

Per Cal OES Duty Officers and ICS-209 as of 07/17/18 at 1644 hours:

- 38,008 acres, 96% contained

Recovery

- Local Assistance Center (LAC), College of the Siskiyous Yreka Campus, 2001 Campus Dr., Yreka, operational period 0900-1600 hours.

FIRE ACTIVITY

INLAND REGION (Continued)

Stoney, Vegetation Fire, Butte County

Location: Hwy. 32 x Bruce Rd., Bidwell Park, Chico

Jurisdiction: Local/State LRA/SRA, Chico City Fire/Butte Unit

Per Cal OES Duty Officers as of 07/18/18 at 0557 hours:

- 962 acres, 94% contained
- No expected fire growth
- Unified Command Chico City Fire and CAL FIRE (Type 3)
- No Federal resources committed
- PG&E de-energized one line at the request of CAL FIRE, leaving 10 customers out of service.

Eagle, Vegetation Fire, Modoc County

Location: CR 40 x CR 1, 2 miles south of Eagleville

Jurisdiction: Federal DPA, FRA, BLM

Per Cal OES Duty Officers and ICS-209 as of 07/17/18 at 1814 hours:

- 2,100 acres, 90% contained
- Unstaffed overnight, no significant events occurred
- Federal air and ground resources committed

SOUTHERN REGION

Valley, Vegetation Fire, San Bernardino County

Location: Hwy 38 x Valley of the Falls Dr., Community of Forest Falls

Jurisdiction: Federal DPA, FRA/SRA, San Bernardino National Forest

Start Date/Time: 07/06/18 at 1329 hours

Per Cal OES Duty Officers and ICS-209 as of 07/17/18 at 1734 hours:

- 1,348 acres, 28% contained
- Local Forest Type 3 Team
- Minimal fire behavior with creeping and smoldering
- Steep terrain and weather hampering suppression efforts

WEATHER OF CONCERN

Weather of Concern

Northern California:

- Significant heat today for inland Northern California, with the hotter valley locations set to exceed 100 degrees and possibly approach 110 for high temperatures.
- The San Joaquin Valley Air Pollution Control District has issued an Air Quality Alert for mainly the east side of the San Joaquin Valley and the Sierra Nevada/foothill areas through today.

Southern California:

- Threat of thunderstorms to portions of Southwest California today into Thursday, best chance of thunderstorms will occur during the afternoon and evening hours across the mountains and Antelope Valley.

WEATHER SYNOPSIS BY REGION

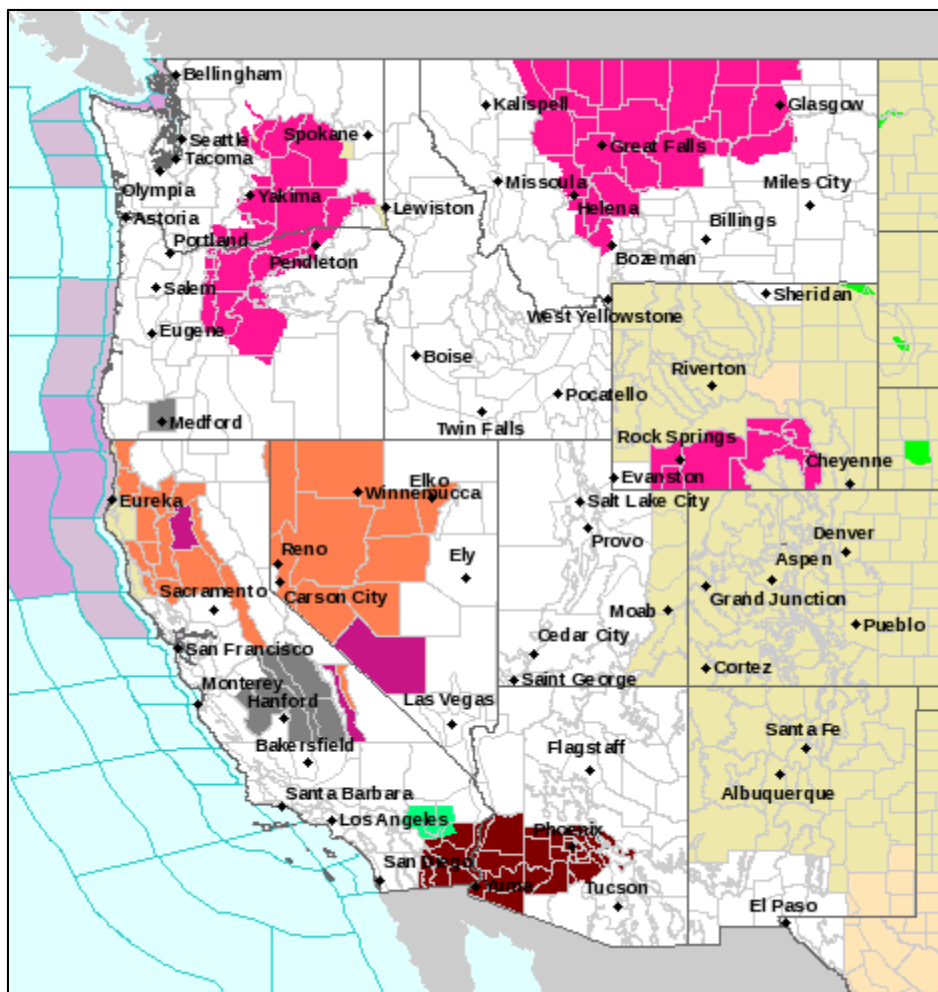

NORTHERN CALIFORNIA

The shortwave system responsible for lightning the past few days has moved well away from the area. High pressure will build the next few days and result in hot and drier conditions. Temperatures will remain 5 to 15 degrees above normal and widespread teen humidity will return to the Sacramento Valley and Far Eastside today. The wind flow will generally be light across the area with the exceptions being the Delta Breeze and moderate NW gusts to 25 mph across the far north each afternoon and evening through Thursday. The dome of high pressure will gradually shift eastward late week and allow Monsoonal moisture to flow northward again. Some initial impacts could come as early as Thursday across the far south but more likely Friday into the weekend. The activity looks to be isolated right now favoring the Northern Sierra but a few cells could impact western areas. A couple features in the flow could merge and create more than anticipated lightning coverage during the weekend. Otherwise, the added cloud cover will take the edge off the Heat Wave event and temperatures will cool some. Humidity should also moderate a bit. Strongest winds should be related to the Delta Breeze and outflows near thunderstorms that form.

SOUTHERN CALIFORNIA

Temperatures will be about the same all week with highs in the 70s in the mountains above 7,000 feet to the 90s in the valleys and lower foothills to 108 in the low desert. Increase in humidity will cause the apparent temperature to climb several degrees starting today. There may be one or two showers or thunderstorms develop overnight across the coastal waters near San Diego County before deeper and more significant moisture moves in today and Thursday. Expect scattered storm coverage this afternoon across the Sierras, Inyo National Forest, and the desert southward to areas from Los Angeles County south and eastward. By Thursday and Friday, some of these storms may reach the urban interface areas. All storms beginning today will be capable of producing heavy rain. Winds will be light this week apart from local northwest winds of 15-25 mph each afternoon along the central coast and the Kern County Mountains. This weekend, the monsoonal moisture will begin to depart and no further thunderstorm activity is expected next week. Above normal temperatures and lower daytime relative humidity will likely return beginning next Monday.
